

***F**or all our gluten free guests - as you may or may not know, most of our dishes are or can be prepared without gluten. Additionally, we have 3 - 4 desserts that are celiac friendly also. We are now offering gluten free pastas as part of our regular menu format.*

*The 3 course fondue dinner can be gluten free with a substitution of veggies and pickles for the cheese and gluten free noodles for the main course. We would be happy to make a gluten free six course surprise dinner if we are given 48 hours notice.*

*So we encourage our "glutenly challenged" friends to come to The Other Brother's and really enjoy dining out again.*
