I always enjoy visiting the other brother's because of it's friendly and knowledgeable staff, and the welcoming and cozy atmosphere.

We invited another couple to join us this past weekend and they were thrilled with our choice of restaurants, we each got a different dish for each course and just shared everything, as it was much too difficult to make a decision.

They have a while new page of appetizers, in addition to the many they had before, we enjoyed my favorite (mushrooms and stilton) along with a few new others, and enjoyed every last bite of each dish all the way through to dessert.

Our server also informed us about a six course surprise tasting menu and wine pairing that they offer each weekend, I'm looking forward to giving it a try next time I go!

I have visited many restaurants in Guelph as my daughter studies there. We were pleasantly surprised by this venue. We found the ambience delightful with the fireplace being the highlight. The portions were thoughtful and the the price at 30 for three courses was extreme value for the quality( fresh and made on premises). I think the price is \$36 after 6pm...still value plus lot's of variation We will br back often

#### **Excellent Valentines Day Experience**

My husband and I were pleasantly surprised to find that the restaurant was open an additional 2 days to accommodate more reservations for Valentines Day. Trying to find a babysitter available on Saturday night was impossible and we were thankful the restaurant was open Sunday. It was a bit difficult finding parking out front of the restaurant but we found a parking lot behind the restaurant. Upon entrance we were warmly greeted, our coats hung up and seated right away. The hostess explained the Valentine's Day menu and offered us a champagne cocktail. Our server was prompt and friendly and was efficient in getting us our drinks and leaving us time to mull over the wonderful options. Along with the great service a live guitarist played throughout the meal creating the perfect atmosphere. The food was exceptional. I will definitely be back. Great food, great service at an excellent price. Thank you Other Brother's for making our Valentine's Day meal perfect.
